Ghoul, What A Wonderful World

I see towers of flame, and corpses too I see the doom, of me and you And I think to myself.... what a wonderful world.

I see skies obscured, I see no light Dark freezing days, dark sleepless nights And I think to myselfwhat a wonderful world.

The clouds of radiation are so pretty in the sky Tumours on the faces of the people who survived I see friends in the past kill each other for food They're really starving......So will you.

I see babies die, I watch them decompose They'll hurt much more, than I'll never know And I think to myselfwhat a wonderful world
