

# Giant Drag, Blunt Picket Fence

Took so long to grow  
Just a moment to destroy  
Its not hard to know  
Just a moment from a baby boy

Its hard to miss  
I'll kiss your fist for now

Who have you stolen from  
Will you take from me  
When you're old enough  
I'll tell you everything

Its hard to miss  
I'll kiss your fist for now

Who you know and where you go  
Its not my dish  
If you stay gone long enough  
You're gonna miss oh oh oh

Its hard to miss  
I'll kiss your fist for now
