

# Giant, The Big Pitch

I want you, I think I'm on fire  
Well believe it or not, it's true, my love is not a liar  
It's gonna take some time, yeah a whole lotta time  
But if I have to wait another day, I'm gonna lose my mind  
'Cause all I wanna do is make sweet love to you, oh yeah  
Thunder, lightning - ooh, every time we touch  
Thunder, lightning - I need it so much  
I see smoke over the horizon  
You got me all fired up inside, and my temperature's risin'  
I think I hear some noise, yeah a whole lotta noise  
Well that's my heart going crash bang boom, I can't keep it quiet  
And I don't like tempting fate, but before it gets too late  
Thunder, lightning - ooh every time we touch  
Thunder, lightning - oh girl, I want it so much  
Thunder, lightning - girl, you got that look in your eyes  
Thunder, lightning - it's gonna happen tonight  
Make it happen all night  
Caught in a hot emotion, I've got a fire to fight  
But I never had a notion to give in tonight  
(Instrumental break)  
'Cause all I wanna do is make sweet love to you, that's why I gotta cry  
Thunder, lightning - ooh every time we touch  
Thunder, lightning - no girl, well I want you so much  
Thunder, lightning - yeah, you got the look in your eyes  
Thunder, lightning - it's gonna happen tonight  
Thunder, lightning... (repeats out)
