Love  
love for me  
is love  
love for me

I call your name,  
i keep on looking for you,  
and i don't know,  
don't know where to go where,

can't stop the night,  
it keeps on calling me  
there is no way,  
no way to stop me falling,

Believe in me,  
I can set you free tonight,  
you never ease it up,

Oh, no,  
Something's taking over me!

Your love,  
your love,  
your love is on my mind

Your love,  
your love,  
your love is on my mind

your love is for me.
