

GIGI, The Man

Look who's sleeping past 2
Look who had some dirty dreams about you Look who can't get you off their mind
Look here if you wanna find the truth
Sorry I'm not the man
Let you slip through my hands No, you won't understand
I drew lines in the sand
Sorry I'm not the man for you
Oooooooooo
Look who's staring at the sun Look at what I've become
Wide eyed and pretty dumb
But I know you must've had fun
Sorry I'm not the man
Let you slip through my hands Don't think you understand Drew a line in the sand
Sorry I'm not the man for you
Oooooooooo
Sorry I'm not the man
Let you slip through my hands No you won't understand
I drew lines in the sand
Sorry I'm not the man for you
Oooooooooo
No, not for you Oh, not for you
Man for you Man for you
