

Gil, Already There

This message goes out to you
Can you feel the way we move
Into a sweet intoxication
All this separation
It's enough hesitation
Do I care? I'm already there!

It's your last chance to run and hide.
Coz' it gets you from deep inside

Chorus:
Straight into your heart
Into your soul
Into the essence of it all
I'm already there

Caught in the middle of the sea
Can you separate the truth
From what you really need
Your fascination, all this separation
It's enough hesitation
Do I care? I'm already there!

It's your last chance to run and hide.
Coz' it gets you from deep inside

Chorus (repeat)

It's your last chance to run and hide.
Coz' it gets you from deep inside

Chorus (repeat)
