

# Gil, For Heaven's Sake

You're telling me it's so hard for you,  
But girl I'm really so in love with you,  
Now I'm cryin' for my love in vain,  
What can I do.  
I feel so helpless everybody's gone,  
Heaven help me I am so alone,  
Please believe me, feel my beatin' heart,  
Set me free.

[chorus]

I am so in love with you,  
My heart's in danger,  
but what else can I do,  
So in love, in love with you,  
My heart is broken,  
Can we still make it through.  
Tonight, tonight, tonight, tonight  
I wanna hold you in the deepest night,  
I want to give you what I feel inside,  
Let me show you, there's a way for you and for me.  
All I need is that you're by my side,  
All I want is just to hold you tight,  
Give me one more chance to talk to you, I love you.

[chorus]

So in love, in love with you,  
My heart's in danger,  
but what else can I do,  
So in love, in love with you,  
Please give me one more chance  
and I'll care for you.  
Tonight, tonight, tonight, tonight  
Don't you know--I love you  
I love you
