

# Gil, Out Of My Bed

I was doing fine all by myself  
Never really needed someone else  
Living like a feather in the wind  
Till you came along  
Shining like a diamond in the dirt  
Never thought that you could make me hurt  
In between the words I read a sign  
Your place is mine

Lost myself  
Inside of you  
Rocked me all night through

[chorus]  
Out of my bed but you still in my head  
I want you to know I won't let you go  
Out of my mind cause we're two of a kind  
And I need you so I won't let you go

Why did we give all for just one night  
I feel you everywhere still out of sight  
Am I just a fool to rush for more  
Than I bargained for

It's how it goes  
You never know  
What you've got till it's gone

[chorus]  
You opened my eyes  
Opened my heart  
You came and made everything right  
From the start  
How will I find my way back to you  
Cause I won't let you go

[chorus] x 2
