

Gil Scott-Heron, Must Be Something

Must be somethin'
Must be somethin' we can do
Must be somethin'
Must be somethin' we can do
We didn't come all this way just to give up
We didn't struggle all this time to say we've had enough
Had enough

Must be somethin'
Must be somethin' we can do
Must be somethin'
Must be somethin' we can do
We didn't come all this way in the dead of night
To give up now that we can see the light
See the light

Just like music
Just like music that we make
Fills the spirit
And helps to see a clearer day

I'll tell you somethin'
I'll tell you somethin' you can do
Keep on movin'
Keep on movin' for what's true

I'll tell you somethin'
I'll tell you somethin' you can do
Keep on movin'
Keep on movin' for what's true
