

Gil, You Don't Belong To Me

Let me introduce myself
I'm a guy that travels far
Everyone around me has a home and a big car
I never needed fancy things
Until you came along
They are just material things
And that's not where I belong

I'm not begging for money
I just wish that you care
If you think that you want me
Do you want me?
Do I want you?

Chorus:
U don't belong 2 me
I don't belong 2 U
Don't like the things you do
It simply wasn't meant to be

What else can I do?
I'll wait for you tonight
What else can I do?
Than choke my faith and stab my pride
Give me one reason, why we're so aware
Cause I don't think that it is going anywhere

I'm not begging for money
I just wish that you care
If you think that you want me
Do you want me?
Do I want you?

Chorus
