

# Gilbert O'Sullivan, Because Of You

There's never been a time like this before  
Cos when I'm not with you life is such a bore  
Now if I feel lonely or I feel blue  
I'll know it's because of you.

You always tell me things that I want to know  
Yet when you went away you never told me so  
Now if ever there's a time I have nothing to do  
I'll know it's because of you

I'll never see you again  
And I know I'll regret it somehow  
Can't say that I envy me I'm not exactly myself right now

I'll never see you again  
And I know I'll regret it somehow  
Can't say that I envy me I'm not exactly myself right now

There's never been a time like this before  
Cos when I'm not with you life is such a bore  
Now if I feel lonely or I feel blue  
I'll know it's because of you.
