

# Giles, Giles And Fripp, She Is Loaded

She's got so much of that decimal stuff  
I'll fall in love if I try hard enough

Her kisses never get better  
They just get wetter and wetter  
I curse the day that I met her  
But she is loaded

She says that I'm daft and I know  
I threw her food on the lino  
She hit me, felt like a rhino  
But she is loaded

There was a time when she did (ray me content?)  
Oh, she used to keep it cool  
She used to give me anything I wanted  
'Til she won a football pool  
Now she gives me hell

I'll sue her, try to make this stick  
The fact that she is sadistic  
My nose was straight 'til she kissed it  
But she is loaded

There was a time when she did (ray me content?)  
Oh, she used to keep it cool  
She used to give me anything I wanted  
'Til she won a football pool  
Now she gives me Hell

Her kisses never get better  
They just get wetter and wetter  
I curse the day that I met her  
But she is loaded
