

Giles, Giles And Fripp, The Sun Is Shining

The sun is shining
But it's raining in my heart
So please come back, dear
And we'll make a brand new start

Because of you the flowers will not bloom "(will not bloom)"
Because of you the clouds obscure the moon "(obscure the moon)"
The day will come, I hope it's very soon "(hope it's very soon)"
The day that brings the sun right into June "(right into June)"

The sun is shining
But it's raining in my heart
So please come back, dear
And we'll make a brand new start

I want to hear your voice so tenderly "(tenderly)"
The voice that says you'll love no one but me "(no one but me)"
My love is stronger than the raging sea "(the raging sea)"
So tell me now, you hear this urgent plea "(this urgent plea)"

The sun is shining
But it's raining in my heart
So please come back, dear
And we'll make a brand new start
