

# Gimp, Tunalips

Whoa

Whoa

Six months since the last one  
Four years 'til the last one  
Things that I'll never see but  
Hey I watch myself  
Know that I'll always be your friend  
Know that I'll always be your

Tunalips don't you get so upset  
I know it's hard but it's not over yet  
I'm trying I'm trying I'm trying to please  
But everytime I see them  
They always seem to be

She knows I'm trying hard to be  
She knows my family makes me  
?

At least I threw it all away  
She knows I'm trying hard to be  
She knows my family makes me  
?

At least I threw it all away  
Threw it all away  
Threw it all away  
Threw it all away

They won't accept it  
They tried to defend it  
There's nothing to defend  
So they might as well offend and so  
Know that I'll always be your friend  
Know that I'll always be your

Tunalips don't you get so upset  
I know it's hard but it's not over yet  
I'm trying, I'm trying, I'm trying to bleed  
But everytime I see them  
They always seem to be

She knows I'm trying hard to be  
She knows my family makes me  
?

At least I threw it all away  
She knows I'm trying hard to be  
She knows my family makes me  
?

At least I threw it all away  
Threw it all away  
Threw it all away  
Threw it all away

She knows I've tried so hard to be  
She knows my family makes me  
?

She thinks I threw it all away  
She knows I'm trying hard to be  
She knows my family makes me  
?

At least I threw it all away  
Threw it all away  
Threw it all away  
Threw it all away
