

Gin Blossoms, Christine Sixteen

(Gene Simmons)

She's got me dizzy
She sees me through til the end
She's got me in her hand
And there's no use in pretending
Christine Sixteen...
She drives me crazy
I want to give her what I got
She's hot every day and night
There is no doubt about it
Christine Sixteen
(I usually don't say things like this to girls your age
But when I saw you coming out of school that day
That day I knew, I knew
I've got to have you, I've got to have you)
She's been around but she's young and clean
I've got to have her, can't live without her
Oh no, Christine Sixteen...
(I don't usually say things like this to girls your age
I don't usually...well, sometimes)
