

Gin Blossoms, Let's Play Two

(Dig in,) girl
You're gonna get your (last word)
(Dig in) from your heels
(Now that they're gone)
Baby, don't worry
Show you how it feels
(*Cause I kept out of the way)
Now I can hardly wait

Let's play two
Me and you
Let's play two

-- on deck

--

The sun's coming out
(And the) rain delay
Let's play two
Let's play two

Late in October

--

No matter what they say
(I started off big)
(Man, it's hard to be so careless)
I won't let you slip away
Cause I know I started late
And now I can hardly wait

Let's play two
Me and you
Let's play two

-- on deck

--

The sun's coming out
(And the) rain delay
Let's play two
Let's play two
Let's play two
Let's play two

Let's play two
Me and you
Let's play two

-- on deck

--

The sun's coming out
(And the) rain delay
Let's play two
Let's play two
Let's play two
Let's play two
