

# Ginga, We Are One

We are one  
Steps and moves  
If you never play, you never lose

And we play songs  
To help us sing  
Turn around slow and watch the ceiling spin

The sin of your skin feels  
Like nothing I've ever dared to know

We are one  
And so are you  
Fashion our days out of twigs and glue

We sing songs  
To stay awake  
For we'll be handed over if we take a break

The sin on your skin feels  
Like everything you had to face  
Were just shadows in the field  
You wont ever win this case

We are one  
Steps and moves  
If you never play, you never lose

We sing songs  
To stay awake  
For we'll be handed over if we take a break

The sin on your skin feels  
Like nothing I've ever dared to know  
Were just shadows in the field  
You wont ever win this chase
