

Ginuwine, Even When I'm Mad

Here we go once again, you and me,
Fighting about something that really don't matter
Howcome we can never just talk, you've always
Gotta make it something so bigger when it's something so small
I can't take it no more, gotta go get me a drink,
I need some time to think and clear my head
I can't take it no more, gotta go get me a drink
I need some time to think and clear my head.
I'm tempted to get another shorty in this bed but
I come home instead because even when I'm mad I'll be
Wanting to see her wanting to please her I can't help it
I got it bad. yeah she be trippin' sometimes, she won't listen
Sometimes but I'm glad that she's mine. oh even when I'm mad.
Sometimes I swear that I'm gonna walk away,
But ain't no way I could ever stay away, I love you baby.
Cause even at your worst, I gotta put you first. we
Come too far to put this in reverse, even when I'm mad
I don't know how she gets on my nerve.
I really can't see myself committed to somebody else.
All those times I got caught doing dirt, she could've
Bounced and shows up on somebody else.
But she stayed by my side, and I came back so many times.
I can't let one episode cancel the show, I'm gona be there.
Even when I'm mad I be wanting to see her,
Wanting to please her, I can't help it I got it bad.
Yeah she be trippin' sometimes, she won't listen sometimes,
But the fact that she's mine.
Oh even when I'm mad. sometimes I swear that I'm
Gonna walk away, but ain't no way I could ever stay away, I love you baby.
Cause even at your worst, I gotta put you first.
We come too far to put this in reverse, even when I'm mad.
I'm a give her everything she needs, even when me and her be beefin,
She would do the same thing for me. something like that is hard to find,
That's when I'm wrong even when I'm right. tryna with hold the love,
Tryna be cold to her, I might as well not even try.
'Cause even when I'm mad I be wanting to see her,
Wanting to please her, I can't help it I got it bad.
Yeah she be trippin' sometimes, she won't listen sometimes,
But the fact that she's mine. oh even when I'm mad.
Sometimes I'm gona walk away, but no way I could ever stay away, I love you baby.
'cause even at your worst, I gotta put you first, we've come to far to put this in reverse,
Even when I'm mad.
