

Ginuwine, Friendly Skies

Missy:

Yeah

A little slow jam

Kiss me hold me

The weatherman says it's gonna be

Cold tonight

Whatever man

Whatever whatever whatever whatever whatever

Whatever man you wanna do

I'll be the pilot

Don't miss your flight

I'm stewardess of the plane

Feel the turbulence and maintain

Please refrain stay in your seats

Until we reach the gate

I'm stewardess of the plane

Feel the turbulence and maintain

Please refrain stay in your seats

Ginuwine:

Take me higher

Let's just go for a little

Joy ride

Whatever man

Whatever whatever whatever whatever

Let's stay

Buckled up

And let's make love

Across the friendly skies

I'm passenger of this plane

I feel the turbulence I maintain

I will refrain stay in my seat

Till I reach the gate

I'm passenger of this plane

I feel the turbulence I maintain

I will refrain

I stay in my seat

I want you (I want you)

Baby, I want you (baby you know I want)

I really really wanna (f**k) you

Sho nuff wanna (f**k) you

I want you

Yes I do (I want you)

Baby baby, I want you

(I know you know what I want)

I really really wanna (f**k) you

I really wanna (f**k) you

Sho nuff wanna (f**k) you

Sho nuff wanna

Is there anything that you want

Is there anything that you need

Call on me (ginuwine)

Call on me (ginuwine)

Is there anything that you want

Is there anything that you crave

Call on me (ginuwine)

'cause I'm a passenger of your plane

Yeah

Electronic voice:

Missy fly with me

Missy fly with me, fly with me
Missy fly with me
Missy fly with me, fly with me
