

# Ginuwine, Lonely Daze

Oh Oh....  
Can We Try...  
Oh...

[Chorus (2x)]  
Can we try to make up for the Lonely daze?  
I love you baby come what may  
Tonight I'm gonna make you stay

Listen....  
Sit back relax your mind your dinner is waiting  
The more I see you girl my heart beat is pacing  
New lovers mentally we knew what we were thinking  
No waiting all night long let's start the love making  
Can we try....

[Chorus (2x)]

(Cause I love you)  
(I'm gonna make you stay)  
(Can we try)

One chance is all I need to have you forever  
I'll wait forever girl until the 12th of never  
If I could do it all I'd carry your baby...nine months long  
But I'm a man no doubt Darlin'  
And you are my lady

[Chorus (2x)]

(Can we try)  
(To make up for the lonely daze)  
(I'm gonna make you stay)  
(all the things I wanna do to you baby)

I'm tryin to figure out  
what this love thing is all about  
Can we be as one  
Help me to know your so fine baby be mine
