

# Ginuwine, There It Is

Said I work my fingers down to the bone  
I put it down from 9 to 5 so you should know  
(You wanna know what else?)  
And I bust my ass so you can live good  
Yes I do, girl  
Now all I want you to do is what you should  
There it is

See there it is (there it is baby)  
That ungrateful shit  
There you go again, complanin'  
What your aim is  
I dont know but I'm...

I'm not doing this shit for nothing  
I pay the car note, light bill, house note  
What you think, this shit's for nothing?  
You're not workin'  
So what more you want?

Listen...  
I do my best to give you what you need  
It seems that  
The harder that I work, the less you see  
Ooh baby (ooh baby)  
Who wouldn't want the life you lead?  
Just think about it  
Living the good life, yeah  
Practically scot-free, oh oh oh oh yeah

See there it is (there it is, there it is)  
That ungrateful shit (you see what I'm talkin' 'bout)  
There you again, bein' worse, um yeah  
Like you earned somethin' round here  
But let's be clear

I'm not doing this shit for nothing  
I pay the car note, light bill, house note  
What you think, this shit's for nothing?  
You're not workin'  
So what more you want?

You got three seconds, pack your shit and get on outta here  
Gotta go, gotta go baby  
You don't appreciate what a man like me is about  
No you don't  
And you know I'm workin' 9 to 5  
Workin' hard everyday baby (listen)  
Even put my name (put my name)  
Even signed my name (signed my name)  
Down for some overtime, yeah

See there you go (there you go, there you go)  
Tryin' to run the show

Oh, you don't pay my car note  
Pay my light bill  
Pay my house note

I'm not doing this shit for nothing  
I pay the car note, light bill, house note  
What you think, this shit's for nothing?  
You're not workin'  
So what more you want?
