Giovanca, Pure Bliss

If it ends right here, I could care less I could care less, if this is it. Just keep driving, to wherever Im serious

If it ends right here, its pure bliss Pure bliss, if this is it And if I wake up, its all on us Im serious

As long as you dont stop Whatever it is youre doing to me (4x)

What youre doing

And if its all in this, its still priceless Priceless, for tonight For now youre everything I could have wished for Im serious

And whatever you do, youll leave me breathless Breathless, cause this feels right Just keep driving, to wherever Im serious

As long as you dont stop Whatever it is youre doing to me (4x)

Hey, Im about to lose control Yeah for sure III lose my head Make the same mistakes I made before And yeah, Im about to give it al To someone I just met Seems its the only way I know I know Seems its the only way I know

As long as you dont stop Whatever it is youre doing to me (4x)

Stop, youre doing to me Please dont stop Dont stop Please dont stop
