

# Girlicious, Do About It

Oh baby you  
Caught me by surprise I  
Never thought I  
Would find someone to make me feel like this  
They say love is blind  
I can't testify cause  
When you came to me  
Baby it was easy to see

Cause you had the key to open me up  
And you gave me something that was real  
Need to know that you're ready for my love

Cause I  
Don't want to give you up  
Yeah yeah

But my heart was ready  
And that's where you kept me  
I can see myself  
With nobody but you (you)  
No boy I can't see it  
Can't picture or dream it  
You are all I need and want you to know

I don't  
Don't care what they say about it  
You're the one and I can't stop myself from feeling this way  
You got me you got me you got me you got me  
Now whatcha gonna do about it

Oh baby I  
Can't getcha  
Off my mind  
Been trying to concentrate  
But all I do is think of you babe  
No one else for me  
It's meant for us to be  
I want to make a move  
But this is all on you

Oh I never felt this way before  
And I hope that you  
Know whatcha doing  
Need to know that your ready for my love boy  
I don't want to give it up yeah

Cause my heart is ready  
So come on and take it  
I can see myself with nobody but you (you)  
Can't picture or dream it  
I need to believe that  
You really want me you really need me  
Baby can you tell me cause I don't

I don't  
Don't care what they say about it  
You're the one and I can't stop myself from feeling this way  
You got me you got me you got me you got me  
Now whatcha gonna do about it

Let me show you what I'm working with  
You know you want to get it boy  
I love the way you get it boy so good so hood so fly

You can have it all tonight  
Tell me what you want  
I'll do what you like  
Going out of my mind  
Whatcha gonna do

I don't  
Don't care what they say about it  
You're the one and I can't stop myself from feeling this way  
You got me you got me you got me you got me  
Hey  
Feeling this way  
You got me you got me you got me you got me  
Now whatcha gonna do about it

Oooo oh mmm  
Hey
