Look at me I know I'm fly

Look at me you wanna be fly like I

I'm the truth and the truth don't lie

Give 10 feet chick

Now add another five

If I had a stiff one you'd be all on that

I'm on fire

I put hot on the map

Cuz I be the one that you wanna be like

Oh oh oh oh yeah you wanna be like me

Everything she do is like me

From her head to her feet like me

She tryna talk like me

Tryna walk like me

Tryna get all the boys in the club like me

Everything she be is like me

Tryna imitate me

She tryna look like me

Tryna act like me

Tryna get on the floor and shake her ass like me

Look at me you know I'm hot

Know I'm hot

Look at me bet you wish you had my spot

You can't chick but Imma let you try

To get on my level level, get on level tonight

If I had a stiff one you'd be all on that

I'm on fire

I put hot on the map

Cuz I be the one that you wanna be like

Oh oh oh oh yeah you wanna be like me

Everything she do is like me

From her head to her feet like me

She tryna talk like me

Tryna walk like me

Tryna get all the boys in the club like me

Everything she be is like me

Tryna imitate me

She tryna look like me

Tryna act like me

Tryna get on the floor and shake her ass like me

Aww aww she wish she was fine

Aww aww she wish she was a dime like me
