

# Girls Aloud, Dog Without A Bone

A five inch bullet  
A made up dream  
Cuts right through it  
You're watching me  
You've left me in it  
You broke the deal  
The fact I did it  
I made me real

"Let me guide you home  
Where we can be alone  
Let me dry your eyes  
I will stay with you tonight"

"Oh! You're like a dog without a bone  
Oh, hanging round my heels every night  
It's like you got nowhere to go  
Oh, babe are you for real, 'cos this ain't right

You're like a dog without a bone  
Oh, hanging round my heels for just one bite  
Tonight I'm dancing on my own  
Oh, baby 'cause it feels like..."

A five inch bullet  
Sets you thrill  
If I cant stop him  
My sisters will  
I give you nothing (Mmmm)  
To make you beg  
But the blood keeps rushing  
To your head

"Let me guide you home  
Where we can be alone  
Let me dry your eyes  
I will stay with you tonight"

"Oh! You're like a dog without a bone  
Oh, hanging round my heels every night  
It's like you got nowhere to go  
Oh, babe are you for real, 'cos this ain't right

You're like a dog without a bone  
Oh, hanging round my heels for just one bite  
Tonight I'm dancing on my own  
Oh, baby 'cause it feels like...
