# Girls Aloud, Girl Overboard

No doubt about it
No doubt about it

No doubt about it
No doubt about it

You know me babe, I love the good living
Give me something I can stickstick in
You give the girl another hit, honey
You keep me waiting and I'll keep running, now

"Can't turn around, just to run out
Is there any light on the way home?
Somewhere along, I played it wrong
Fell into a world so far from home"

"'Girl overboard
I thought I had it but I stumbled
And I thought I'd last forever oh
Girl overboard
I thought I had it but I tumbled
And I thought no doubt about it oh

Girl overboard
I thought I had it but I stumbled
And I thought I'd last forever oh
Girl overboard
I thought I had it but I tumbled
And I thought no doubt about it oh'"

You know me babe, I used to feel lucky
Until karma came a knock-knocking
One little slip and I hit rock bottom
Life is waiting but I'm not stopping, now

"Can't turn around, just to run out
Is there any light on the way home?
Somewhere along, I played it wrong
Fell into a world so far from home"

"'Girl overboard
I thought I had it but I stumbled
And I thought I'd last forever oh
Girl overboard
I thought I had it but I tumbled
And I thought no doubt about it oh

Girl overboard
I thought I had it but I stumbled
And I thought I'd last forever oh
Girl overboard
I thought I had it but I tumbled
And I thought no doubt about it oh'"

No doubt about it
No doubt about it
