

# Girls Aloud, Love Is Pain

What you are  
What you see  
It don't matter to me  
It don't matter to me  
What you know  
What you need  
It don't matter to me  
Just be faithful to me

When you kno-o-ow  
Turning cold  
When you kno-o-ow  
Turning cold (turning cold, turning cold)

First I saw the letter  
Heard your secret code  
Tellin' you walk away  
What a waste, turning cold  
First I saw the letter  
Heard your secret code  
Tellin' you walk away  
What a waste, turning cold  
First I saw the letter  
Heard your secret code  
Tellin' you walk away  
What a waste, turning cold  
First I saw the letter  
Heard your secret code  
Tellin' you walk away  
What a waste, turning cold

What you say  
What you mean  
It don't matter to me  
It don't matter to me  
What you want  
What you dream  
It don't matter to me  
Just be faithful to me

When you kno-o-ow  
Turning cold  
When you kno-o-ow  
Turning cold (turning cold, turning cold)

First I saw the letter  
Heard your secret code  
Tellin' you walk away  
What a waste, turning cold  
First I saw the letter  
Heard your secret code  
Tellin' you walk away  
What a waste, turning cold  
First I saw the letter  
Heard your secret code  
Tellin' you walk away  
What a waste, turning cold  
First I saw the letter  
Heard your secret code  
Tellin' you walk away  
What a waste, turning cold
