

# Girls Aloud, No Regrets

No regrets if just a few  
Somehow they're entwined with you  
No regrets I'm glad it's through and you  
Left my mind

Rainy Sundays, kids TV  
Fish and chips in NYC  
You said we were meant to be  
To be

Those super bossa nova nights  
Slow dancing by the sea  
So sure the cocktail hour would last  
For all eternity

No regrets, no memories  
Just forget those heart felt pleas  
No regrets, no baby  
Not for me

Those super bossa nova nights  
Slow dancing by the sea  
So sure the cocktail hour would last  
For all eternity

No regrets, no memories  
Just forget those heart felt pleas  
No regrets, no baby  
Not for me

Not for me  
Not for me
