

Girls Aloud, Revolution In The Head

Gimme de ting, gimme de ting, gimme de oh oh oh
Gimme de ting, gimme de ting, gimme de oh oh oh
Hey hey hey oh oh oh, hey hey hey oh oh oh
Gimme de ting, gimme de ting, gimme de oh oh oh
Gimme de ting, gimme de ting, gimme de oh oh oh
Hey hey hey oh oh oh, hey hey hey oh oh oh

I really wanna
But then again I guess I just don't know
I'm needing me an answer
Been waiting all night
A navigator
Oh won't you tell me which way to go?
I can't shake off the feeling
I got to hold tight

Revolution in the head don't count for nothing
You gotta, you gotta move that ass
Revolution in the head don't count for nothing
You gotta, you gotta beat the past
Revolution in the head don't count for nothing, boy
You gotta move the mass
Revolution in the head don't count for nothing
You gotta, you gotta move that ass

Gimme de ting, gimme de ting, gimme de oh oh oh
Gimme de ting, gimme de ting, gimme de oh oh oh
Hey hey hey oh oh oh, hey hey hey oh oh oh

Better late than never with endeavour, gotta do what you like
Better late than never 'cause forever is a hell of a long time
You see, never get the treasure, man of leisure, if you go with the tide
And if the never never's worth the dong, it's worth doing it right.

I really wanna
But then again my feet are feeling cold
You're telling me manana
Let's call it a night
It's too easy
To turn the TV on and stay at home
We always go tomorrow
To make it alright

Revolution in the head don't count for nothing
You gotta, you gotta move that ass
Revolution in the head don't count for nothing
You gotta, you gotta beat the past
Revolution in the head don't count for nothing, boy
You gotta move the mass
Revolution in the head don't count for nothing
You gotta, you gotta move that ass

Gimme de ting, gimme de ting, gimme de oh oh oh
Gimme de ting, gimme de ting, gimme de oh oh oh
Hey hey hey oh oh oh, hey hey hey oh oh oh

Oh kids don't fight it,
You gotta keep on shining,
You ain't no side kick,
Get your bike and ride it
Ooh and keep climbing
Reach the top and sign it
Life goes by quick
So don't you let that time tick

Revolution in the head don't count for nothing
You gotta, you gotta move that ass
Revolution in the head don't count for nothing
You gotta, you gotta beat the past
Revolution in the head don't count for nothing, boy
You gotta move the mass
Revolution in the head don't count for nothing
You gotta, you gotta move that ass

Revolution in the head don't count for nothing
You gotta, you gotta move that ass
Revolution in the head don't count for nothing
You gotta, you gotta beat the past
Revolution in the head don't count for nothing, boy
You gotta move the mass
Revolution in the head don't count for nothing
You gotta, you gotta move that ass
