

Girls Aloud, Wake Me Up (Demo)

Wake me up before I drop out on you
You treat me rough to show that you care
And I just can't refuse baby
If I had a promise from you
I'd get up and out of my bed
Instead I'll be subdued
Wake me up before I drop out on you
The TV life is working all right
It feels so good to lose baby
If I had a promise from you
I'd get up and out of my head
Instead I'm so confused

Easy tiger
What's been going on?
You kept me hanging down in limbo
For too long
You've had your fun
While I've been sleeping underground
But baby hey when you gonna come my way
And turn around

Oh, sun is rising
And eating up our soul
Water diving
But everything is moving in slow mo
City's rising
On every Frankenstein
I'm realising
We're running out of time

Wake me up before I drop out on you
You treat me rough to show that you care
And I just can't refuse baby
If I had a promise from you
I'd get up and out of my bed
Instead I'll be subdued
Wake me up before I drop out on you
The TV life is working all right
It feels so good to lose baby
If I had a promise from you
I'd get up and out of my head
Instead I'm so confused

You always were a dye in the wool
I always thought that you were so cool
Never realised you'd been shared
I think you're off your head

Dressed up and put on my make up
My best face just for you
I'm sad to hear that you feel sugar
Now you know what I can do

Don't waste your time
(Don't waste your time)
You know my passion is to yours of mine
Just read the signs
(Just read the signs)
Your passion belongs to me
My feel tonight

Wake me up before I drop out on you
You treat me rough to show that you care

And I just can't refuse baby
If I had a promise from you
I'd get up and out of my bed
Instead I'll be subdued
Wake me up before I drop out on you
The TV life is working all right
It feels so good to lose baby
If I had a promise from you
I'd get up and out of my head
Instead I'm so confused

(Don't waste your time)
(Don't waste your time)
