

# Giuffria, Do Me Right

I crossed over the ocean. I crossed over the sea.  
I've been searching for fortunes, fortunes that I may never see.  
And I live for the moment, and I live to be free, yea.

Do me right tonight, hey you.  
Do me right tonight, do me right.  
Do me right tonight.

On the wings of an angel, or a bullet from hell.  
I'm high in the jetstream, with a story to tell.  
And I'll rock into heaven or I'll roll till I die, hey.

Do me right tonight, hey you.  
Do me right tonight, do me right.  
Do me right tonight.  
Do me right tonight, do me right.  
Do me...Right.

And I'll rock into heaven or I'll roll till I die.

Do me right tonight, hey you.  
Do me right tonight, do me right.  
Do me  
Do me - right tonight.  
Do me right tonight  
Do me right tonight  
Do me right tonight  
Do me...Right.
