Gladyss Patches, Headlights

Eyes go blind

I gotta know if possible
First to blind eyes see you
We've fallen low
Inside my skin
First to blind eyes see you
Eyes gold
Your hands releasing me here
Fast home
In time to set you free

All I hear
Silent engine
All I fear
Do it quickly
Crash into
Headlights blind me
I can't move
You're inside me

Passed you
Outreached and turned away
And the fear replays inside
My head now far behind

Eyes gold
Your hands releasing me here
I'm fast home
In time to set you free

All I hear
Silent engine
All I fear
Do it quickly
Crash into
Headlights blind me
I can't move
You're inside me

Fast I go
Fast I go
So fast I go'
