

Gladys Patches, Spin

Hear the noise
Feel the break
Near the edge
Take the plunge

I'm broken
So we remain afloat at sea
I'm broken
Breathe and release

See me spin...
Never look back

All the while
Lost the day
Feel all hope
Wither away

I'm broken
So we remain afloat at sea
I'm broken
Breathe and release

I know you want it
Why can't you leave me alone?

It feels like I can't stand
It feels like I get fucked
