

# Glassjaw, Train In Vein

Shit... F\*\*k...

Say you stood by your man.  
Tell me something I don't understand.

You said you love me, and that's a fact.  
And then you left me, said you felt trapped.

People come explain away.  
But the heart's in me till this day.

Did you stand by me?  
No, not at all.  
Just so wrong.  
Did you stand by me?  
No way.

Shit. Whore, f\*\*k. Shit.

I see my dreams come tumbling down.  
I can't be happy with you around.

So all alone I keep the wolves at bay.  
And there's only one thing, one thing that I can say.

Did you stand by me?  
No, not at all  
Well, shut up.  
You piece of shit, did you stand by me?  
No way.  
Not at all.  
No, not at all.  
F\*\*k.  
Shut up!
