

# Glasvegas, Go Square Go

If he wants to fight you  
At the school gates  
Half past four grab your bag  
Don't you be late  
If he wants to hit you  
Hit you in the face  
If he wants to hurt you  
In front of your mates  
If he wants you to run away  
Run away run away  
Don't you fucking run away

Go square go!

Don't you wait for the bell  
To ring ding-a-ling-a-ling  
One step forward then a  
Bada-bada-bing  
Don't you make me  
Go down to the pub  
With all my mates knowing  
Some individual smashed you up  
Its just something  
That you'll have to face  
Face to face  
Man to man  
Here and now  
Biff bang pow

Go square go!

I don't really feel to good  
My heart is beating faster  
My dad told me  
Not to come home  
If I don't kill this bastard  
My dad is right, my dad is right  
My dad is right, my dad is right  
Win, lose or draw the fight  
This bullying has got to stop tonight

Here we fucking go
