Glen Campbell, It's Over

IT'S OVER

If time were not a moving thing And I could make it stay This hour of love we share would always be There'd be no coming day To shine a morning light Make us realize our night Is over

When you walk away from me there Is no place to put my hand Except to shade my eyes against the sun That rises o'er the land I watch you walk away somehow I have to let you go now It's over

If you knew just how I really Feel you might return and yet There are so many times that people Have to love and then forget Though there might have been a way I have to force myself to say It's over

[strings]

So I turn my back and Turn my collar to the wind Move along in silence Tryin' not to think at all, Send my tired feet before me Walk the silent street before me It's over It's over
