

Glen Campbell, Just Another Piece Of Paper

Once I had a piece of paper
It was supposed to mean that you were mine
It looked like any other piece of paper,

But I thought there was love between the lines,
But it was...

Just another piece of paper
And it really didn't mean one little thing
To you from the very start
Just another piece of paper

Now I got another piece of paper
Your lawyer, he sent it in the mail today
It looks like any other piece of paper

But it says that you have gone away to stay
And it is...

Just another piece of paper
Blowing in an empty wind
That slows into my heart
Just another piece of paper
Tearing us apart

And it is...
