

# Glenn Hughes, Isolation

## ISOLATION

In this world  
It's so hard to make a plan  
Every time now you know  
I understand  
There's no way I would  
Go there on my own  
Such a place  
I refuse to be alone

Don't live in isolation  
Don't live in isolation  
Don't live in isolation  
Cos it's not good for me

I'm in grace  
And I never will regret  
I won't fall  
And I hope I don't forget  
Won't you stay  
I will occupy your mind  
Night and day  
It's my life I have designed

Don't want to live there anymore  
You'll never find out on the shore
