

# Glenn Kaiser Band, Fuss & Moan

ya work all day jus' ta pay your bills  
lookin' for strength to motivate your will  
reachin' for life, yer searchin' for love  
in every direction but the one above

don't ya know that life is more than fuss and moan  
open your heart, child&acute;honey, come on home

you met on friday, by sunday he's gone  
he took what he wanted, girl,  
and moved right on  
everyone knows that's a typical scene  
make you wanna cry, wanna make you scream

don't ya know that life is more than fuss and moan  
open your heart, child&acute;Jesus wants to bring you home  
i finally faced the darkness in my own life  
understood people couldn't do me right

i grew up fast an' i grew up cold  
naturally stubborn and naturally bold  
always thought people didn't do me right  
i finally faced the darkness in my own life

don't ya know i got tired of the fuss and moan  
glad to say, i finally found my way home  
no more fuss and moan&acute;no no  
no more fuss and moan  
honey, come on home  
life is more than fuss and moan
