

Glenn Kaiser Band, Fuss & Moan

ya work all day jus' ta pay your bills
lookin' for strength to motivate your will
reachin' for life, yer searchin' for love
in every direction but the one above

don't ya know that life is more than fuss and moan
open your heart, child´honey, come on home

you met on friday, by sunday he's gone
he took what he wanted, girl,
and moved right on
everyone knows that's a typical scene
make you wanna cry, wanna make you scream

don't ya know that life is more than fuss and moan
open your heart, child´Jesus wants to bring you home
i finally faced the darkness in my own life
understood people couldn't do me right

i grew up fast an' i grew up cold
naturally stubborn and naturally bold
always thought people didn't do me right
i finally faced the darkness in my own life

don't ya know i got tired of the fuss and moan
glad to say, i finally found my way home
no more fuss and moan´no no
no more fuss and moan
honey, come on home
life is more than fuss and moan
