

Glenn Kaiser Band, Unfinished Business

Nobody lives forever
in the twinkling of an eye
We think we're here forever
I sure don't know why
But don't it seem to you
we still got lots to do
Things get piled so high
till they cover up the sky
Can I get a witness?
We got unfinished business . . .

The saddest thing of all
the thing that ya should have done
The baddest way to fall
is to stumble as you run
You hear His voice so clear
Ya know just what to do
No love is quite so dear
as one that's tried and true
Can I get a witness?
Got unfinished business . . .

If you love you will obey
If you live just what you say
Trust in His forgiveness
You don't need to leave
no unfinished business
