

# Glenn Kaiser, Faith, Hope, And Love

Times it may seem a breeze  
When I get down on my knees  
But it takes me a moment  
To face myself inside  
And the wonder of it all,  
That You keep me standin' tall  
And You hear my cry for help when I feel so small  
Talkin' 'bout faith, hope, and love  
Power from the Spirit above  
Faith, hope, and love  
Made the difference in me

It knocked me down, turned up the heat  
It opened my eyes, made me move my feet  
Lifted my hands, and it filled my soul  
It brought me life when I was dead and cold  
Gives me strength when I'm feelin' old  
Restores my joy, and it makes me bold  
Faith, hope, and love  
Power from the Spirit above  
Nothin' but faith, hope, and love  
Has made the difference in me

(BRIDGE)

I don't know why people try to be so hard  
All I know, in the grace of God  
I found love when I dropped my guard

We fall down to get up  
And we kneel to be lifted above  
Faith, hope, and love  
Has made the difference for me

(Talkin' 'bout) faith, hope, and love  
And a power from the Spirit above  
Yah, faith, hope, and love  
Has made the difference in me  
You made the difference in me
