

Glenn Kaiser, I Would Choose You

If I could hold you forever, I would
Keep you right by my side forever, I would

But I know you aren't mine alone
And I respect the One on His throne
And I know that we should
He's kind and He's good
Mmmm-hmmm

Girl, you are His greatest living gift to me
Girl, if I had to choose again what I'd do
I would choose you

If I could stay at home forever, I would
Or always travel 'round together, I would

But I know we share each other with God
And it's right to do, He is our Lord
And it's best and we should
He's so kind and so good
Mmmm-hmmm

But girl, you are the greatest gift of love to me
Girl, if I had to choose one more time what to do
I would choose you

Girl, you are the greatest gift, designed just for me
My my girl, knowing all of your secrets, it's true
I would choose you
