

# Glenn Kaiser, Nothin' But Love

I come to You with nothing to give  
And I cannot ask for anything I've earned  
I'm in need, yes it's true, for time and time again  
I need more than a friend,  
This I have learned from You

You took me in with nothing to give  
Drawing near to me with nothing but love  
I took Your hand learning to walk and to stand  
Hearing Your heart call to me with nothing but love

I expect some pain and grief  
And at times that's what's come to me  
'Cause we reap what we sow, an' everybody knows  
But You wait, just to forgive  
You tell me to choose life and live  
And I see it and hear it and feel it so often I know

(Chorus)

You take me in with not one thing to give  
And in times when the weather is rough  
Your grace is shelter enough
