

# Glenn Kaiser, Through The Night

There was a time, there was a season  
I did not know my left from my right  
And all I wanted baby  
Was to just get through the night

Too many clouds, fog in the daytime  
Took so long for me to see the light  
And all I ever wanted  
Was to make it through the night

Though I had eyes, I could not see  
Though I could walk, I stumbled blind  
Until you came and rescued me  
Lord, the world can be so unkind

There was a day, there was a vision  
It came and I finally got my sight  
God of mercy  
You brought me safely through the night
