

Glenn Kaiser, Walkin' On Serpents

Got my head together, got my mind made up
Got love forever, made the final cut
Got life support, got eternal aid
Had enough of bein' pushed around
Makin' lemonade

Start to walk, start to stand
Start to livin' like a natural man
I know what's real an' i know what's right
And i know the power of Jesus in my life

A thousand may fall at my side,
But it will not come near me
Ten thousand may fall at my right side,
But unless it's God's will, it will not come near me

Been walkin' on serpents, been walkin' on scorpions
Over all of the power of the enemy

A double-minded soul is totally unstable
One hand on the plow while lookin' back
They are driven by the wind and tossed in the waves
While the single-minded, wholehearted follower won't lack
