

# Glenn Kaiser, You Make Me Happy

Some mornin"s it comes to me with the break of day  
Sometimes at the high noon with the sun so bright  
Some late afternoon times when the sun sets low  
Some evenin"s when the whippoorwill sings  
In the sweet moonlight

You make me happy when You call my name  
You make me happy, sunshine or rain  
You make me happy, feel you all around  
Someday I'm gonna see You  
When the glory comes down

Some days come rougher in the heat of pain  
Some days come easier, but all the same  
When I feel Your love right with me  
I can work through anything  
That this life brings my way

'Cause You make me happy when You call my name  
You make me happy whether sun or rain  
You make me happy 'cause You're all around  
Someday I will see You in Your golden crown

(BRIDGE)

Lord, with You there is everlasting joy  
I'm so glad that You made me Your own  
I got the grace, every breath I take  
Jesus, Jesus, You never make no mistake  
And I'll tell Ya, I'm glad You're on the throne
