

Glenn Lewis, Is It True

1ST VERSE

This is a story 'bout a day that came
Not long ago
About this girl I met
Her name's Yvette
That you might know
This girl was bad
She left me sad
Not knowing what to do
She was all wrong for me
No matter what had to be free but
She made it seem
Like she wanted to be with me
Playin' tricks on me
Tell me

CHORUS

Is it true
The things that people say you do
My man said he hit it too
You only like me for what I can do
You're not feelin' me like I'm feelin' you

2ND VERSE

Even though I try
I can't deny
way she look making me weak
But word is she's a freak
Things I heard man, I could hardly speack
They say
Don't believe everything you hear
So what the deal my dear
I gotta know, the way to go
On how to deal with this right here

CHORUS

BRIDGE

Caught up witcha
Never pictured
Things'd ever ended up this way
With the games you play, no
Had me believing
Only scheming in the end was
Just to get your way
Still I need to hear you say

REPEAT CHORUS TO FADE
