

# Glenn Miller, Over The Rainbow

SAY IT

Glenn Miller

Say it over and over again

Over and over again

Never stop saying you're mine

Say it ever and ever so sweet

Ever and ever so sweet

Just like an old Valentine

When you say "I love you";

The same old "I love you";

They whisper in stories and plays

You can change "I love you";

The same old "I love you";

To oh! Such a heavenly phrase

So say it softly and gently and then

Over and over again

Never stop saying you're mine
