

# Glitter Kicks, Kick Me

I fight myself for self-control  
but I can't seem to get it  
You tried to break into my world  
I'd never let you in it  
I'm Down,  
I'm Down,  
I'm finally Down(You can Kick me now)  
The weight of you still on my back  
And I'm still trapped beneath you  
Someday I'll throw you off of me  
And you'll still think I need you  
I'm Down,  
I'm Down,  
I'm finally Down(You can Kick me now)  
Everyday you pushed me down  
I'll go away  
but I'll be back around  
I'm Down, I'm Down, I'm finally Down(You can Kick me now)
